

Lucia Foglia, PhD
 lfoglia@miracosta.edu/619.300.1238

EDUCATION

- 2018 **Master in Education, Counseling and Guidance**
 Point Loma Nazarene University, San Diego, CA
- 2016 **Master of Arts, Philosophy**
 McGill University (emphasis: analytic tradition),
 Montreal, Canada
- 2009 **Doctor of Philosophy, Philosophy**
 University of Siena (emphasis: mind and cognitive science)
 Siena, Italy
- 2006 **Bachelor of Science, Psychology**
 University of Urbino, Urbino, Italy
- 2000 **Bachelor of Arts, Philosophy**
 University of Macerata, Macerata, Italy

PROFESSIONAL CERTIFICATES AND TRAINING

- 2017 Community College Teaching and Leadership (SDICCCA)
- 2016 Teaching Worldwide
- 2016 Education Technology
- 2018 Supporting Online Learners

TEACHING EXPERIENCE

- 2022-
 Present **Adjunct Instructor of Philosophy**
 Mira Costa Community College, Oceanside, CA
 - Introduction to Philosophy
- 2022 -
 Present **Online Adjunct Instructor of Philosophy**
 National University, San Diego, CA
 - Introduction to Philosophy
 - Ethics

- 2021 - Present **Online Adjunct Instructor of Philosophy**
 Galen College of Nursing, Louisville, KY
 - Applied Ethics
- 2018 - Present **Adjunct Instructor (Online and F2F)**
 Point Loma Nazarene University, San Diego, CA
 - Undergraduate Program
 - Ethics
 - Undergraduate courses in Organizational Leadership
 - Personal & Professional Ethics
 - Cultural Influences in the workplace
Graduate courses in Organizational Leadership
 - Leadership Portfolio Development (**Graduate Advisor**)
 - Ethical Leadership in Organizations
- 2017 - Present **Adjunct Instructor of Philosophy**
 San Diego City College, San Diego
 - Critical Thinking & Writing
 - Intro to Philosophy (Epistemology and Metaphysics)
 - Intro to Philosophy (Ethics)
 - Intro to Logic
- 2017 - Present **Online Adjunct Instructor of Philosophy**
 Southern New Hampshire University
 - Critical Thinking
 - Business Ethics
 - Intro to Ethics
 - Perspectives in Social Sciences
- 2020-2021 **Online Philosophy Core Instructor**
 Stanford Online High School
 - Methodology of Science
- 2016 - 2022 **Online Adjunct Instructor of Philosophy**
 Embry-Riddle Aeronautical University
 - Applied Ethics
 - Digital Humanities
- 2016 - 2017 **Adjunct Instructor of Philosophy**
 Columbia College, San Diego, CA
 - Ethics
 - Intro to Philosophy

- 2010 - **Graduate Instructor of Philosophy**
 2013 McGill University, Montreal, Canada
- Contemporary Issues in Moral Philosophy
 - Philosophy of Mind
 - Introduction to Philosophy
- 2004 - **Graduate Instructor of Philosophy**
 2008 University of Siena, Arezzo, Italia
- Ethics and Society
 - Philosophy of Mind
 - Special Topics in Philosophy of Mind
 - Contemporary Issues in Philosophy of Cognitive Science

PROFESSIONAL AND RESEARCH EXPERIENCE

- 2016 - **Research Assistant**
 2017 School of Education, Point Loma Nazarene, University, San Diego
- Assembled research-based strategies to promote access and retention of veteran students
 - Assisted with the selection of effective classroom strategies for teaching veterans with traumatic brain injury and post-traumatic stress disorder
- 2014 - **Post-Doctoral Researcher**
 2015 Psychology of Perception Laboratory, Université Paris Descartes, Paris, France
- Helped establish the philosophical status of the Sensorimotor Theory
 - Completed and submitted two papers to specialized Scientific Journals
 - Planned and organized collaborative activities of the project group (project meetings, colloquia and a capstone international workshop)
 - Presented scholarly work in scientific conferences and meetings
 - Served as referee for peer-reviewed journals
 - Maintained professional currency through participation in committees, workshops, and other means of networking
- 2014 **Visiting Research Fellow**
 Center for Philosophy of Science, University of Pittsburgh, Pittsburgh, Pennsylvania
- Led two research seminars to foster interactions across disciplines and research methods
 - Met with graduate students to discuss and advise on their research projects
- 2013 **Specialized Community Support Worker**
 Howard Center, Burlington, VT
- Facilitated community and campus inclusion, daily living and skill acquisition

- Formulated behavioral support plans, protocols and strategies with the students’ support team
- Executed therapeutic techniques, including verbal de-escalation, redirection, and monitoring conversations for needed intervention
- Provided emotional support to students within a special education program
- Provided one-to-one instruction, tutoring and role modeling
- Fostered independent learning by monitoring each student’s academic progress
- Led review sessions for specific assignments

2012 - **Research Assistant, Department of Political Science**
2013 McGill University

- Carried out a comprehensive search on “Constitutional Artisanry and Organizational Innovation” to identify potentially relevant research articles for review
- Extracted detailed information about research design, methods, findings, etc., and prepared that information for an on-line searchable database
- Translated historical documents and manuscripts from Italian to English

2010 - **Graduate Research Fellow, Neurophilosophy Laboratory**
2012 McGill University

- Worked with Principal Investigator to analyze existing studies regarding Theory of Mind, pinpointing weaknesses within arguments and designing experiments to support oppositional views
- Delved into complexities of social/interpersonal intelligence to the underlying mechanisms of related thought, and translated findings into pragmatic data for utilization by neuroscientists

2009 - **Visiting Research Scholar**
2010 University of California, San Diego

- Pursued independent study in Philosophy and Neuroscience, with emphasis on the relationship between sensory perception and higher-order cognition
- Completed and published 3 manuscripts, in addition to an Entry on “Embodied Cognition” for the Stanford Encyclopedia of Philosophy
- Served as volunteer Research Assistant at the Perception and Cognition Lab, and the Center for Brain and Cognition, to investigate the influence of behavioral goals and previous experiences on perception and cognition
- Collaborated with the design and implementation of psychological experiments.

2018 - **Post-Doctoral Researcher (Assegnista di Ricerca)**
2019 University of Siena, Arezzo, Italy

- Completed and published two books that examine various theories and approaches to the study of the mind.
- Completed and published one edited book, two book chapters and one article where the role and nature of mental imagery in cognitive theorizing is explored
- Counseled undergraduates and graduates in regard to educational and professional goals; Kept abreast of developments in the field by reading current literature and attending professional meetings
- Presented research outcomes during seminars and colloquia
- Planned and led research activities; Advised and counseled graduate and undergraduate students regarding how to meet degree requirements
- Led seminars for specific undergraduate classes; Provided tutorial service for specific

subject courses

- Graded exams and papers
- Maintained professional currency through participation in committees, workshops, and other means of networking

2004 -
2008

Assistant Editor

Anthropology and Philosophy, Firenze, Italy

- Received manuscript submissions for consideration
- Communicated with authors regarding acceptance or rejection of their manuscript
- Solicited commentaries to articles and responses to commentaries from authors
- Prepared manuscripts for publication (proofread and reviewed all print and electronic content for adherence to house style)
- Reviewed and edited authors' written work for grammar, tone, voice and creative quality
- Updated company website content, including contact information, articles and services
- Participated in all stages of manuscript preparation and book production
- Responded to all author requests and queries in a timely and professional manner

2002 -
2005

Curriculum Design and Development

SIDA SRL, Ancona, Italy

- Collaborated with coach/trainer to analyze training materials and select most appropriate ones for specialized clients to establish and further their careers, particularly those in sales and marketing and in human resources management
- Developed educational programs for master students and maintained extended learning opportunities (educational kits, brochures, teacher enhancement training, etc.)
- Conducted independent background research/literature reviews on scientific topics to assist professional development
- Determined learning objectives and expected outcomes (alongside clients) to ensure success for all parties, and created interactive materials to reach those objectives
- Successful initial training period (1-2 weeks) resulted in clients' purchase of consultancy/coaching package
- Established 12+ workshops for companies (including educational institutes), both on-site and in other locations, meeting clients, learning their goals and how they evaluated success, providing constructive criticism and new ideas toward achievement
- Assisted the Director in activities for quality and effectiveness; Supervised the research activities of interns (graduate students)
- Assisted with critical outreach activities, including fostering public relations.
